

FOOD RECOMMENDER

By Ghodrat, Tejal, Shashank and Thomas

WHY WE NEED IT ?

Because food is the most essential part of life.

In today's world we have endless number of choices for food.

To get desired food item customer has to go through a deep research e.g.read the ingredients, reviews, methods of preparation.

These endless number of choices confuses the c

“Food Recommender System” is made to make life people while choosing food products.

TOOLS

Git - version control

Node - Programming Environment

PostgreSQL - Database

Sqitch - Data Change Management

GIT

To push and pull code changes and keep the version history of the code.

NODE

Simple and fast. Need to know javascript to code

Libraries like express helps implement which HTTP requests we wish to respond and how we respond.

POSTGRESQL

Open Source

Better Data Integrity

Easily handles complex design

SQITCH

To manage changes in Schema we used Sqitch.

Sqitch uses three files: deploy, revert, verify.

It helped us a lot to improve our schema.

WEB APPLICATION ARCHITECTURE

RAW DATA

We used Web Fine Food Dataset. This food set contains food items sold by Amazon.

Summary of the dataset :

Food Products : 74,258

Customers : 256,059

Reviews: 568,454

```
product/productId: B001E4KFG0
review/userId: A3SGXH7AUHU8GW
review/profileName: delmartian
review/helpfulness: 1/1
review/score: 5.0
review/time: 1303862400
review/summary: Good Quality Dog Food
review/text: I have bought several of the Vitality canned dog food products and have found them all to be of good quality. The product looks more like a stew than a processed meat and it smells better. My Labrador is finicky and she appreciates this product better than most.
```

AMAZON DATA FETCHING AND SCRAPING

Colorado Spice Company, Beef, Poultry, Pork and Lamb Spice, Carne Adobado (Red Chili) 1.5-Ounce Packet (Pack of 12) by Colorado Spice
[Be the first to review this item](#)

Product Description

Since 1988, Colorado Spice has been providing the finest restaurants, food manufacturers, and grocers throughout the U.S. with high-quality, all-natural and organic herbs and custom spice blends. Colorado Spice is one of the most respected spice companies in the nation! At Colorado Spice, we understand the importance of a home-cooked, delicious meal that is quick and easy to prepare. We are passionate about helping our customers prepare tasty, unique meals utilizing our flavorful spices. All of our spice blends include an easy-to-follow, easy-to-prepare, chef-developed recipe that is sure to wow! Our blends are authentic to the cuisine from which they are developed. They are unadulterated and pure as defined by the Pure Food and Drug Act. Our products have no dyes, no artificial colors, and no MSG. All of our products are produced in our Boulder, CO facility. The owner, Rodney Smith, spends countless hours sourcing the best possible herbs and spices throughout the U.S. and the world. The Colorado Spice single-use retail bags offer a great way to prepare exquisite gourmet meals at home. Each of our fifty blends include a protein specific recipe straight from our chef to your kitchen. We are proud to make it easy to produce delicious home cooked meals.

Important Information

Ingredients

Garlic, Tomato Powder, Apple Cider Vinegar (Maltodextrin, Food Starch-modified and Apple Cider Vinegar), Brownulated Sugar (Brown Sugar, Cane Caramel Color), Sea Salt, Lime Juice Powder and Spices.

Directions

Carne Adobado (Pork Red Chili): Use 1.5 pounds of pork chops, blade steaks or boneless pork ribs and cut into 1/2 inch cubes. Simmer in pre-heated heavy skillet and brown. Pour off excess fat. Add spice mixture and 1/2 cup raisins, 3 large chopped tomatoes and simmer for 1 hour or until pork is very tender. Garnish with lime and serve with rice and tortillas.

DATA MUNGING

DATA ANALYSIS

For data analysis we used **Regression Models**.

Built in function of R is used to make

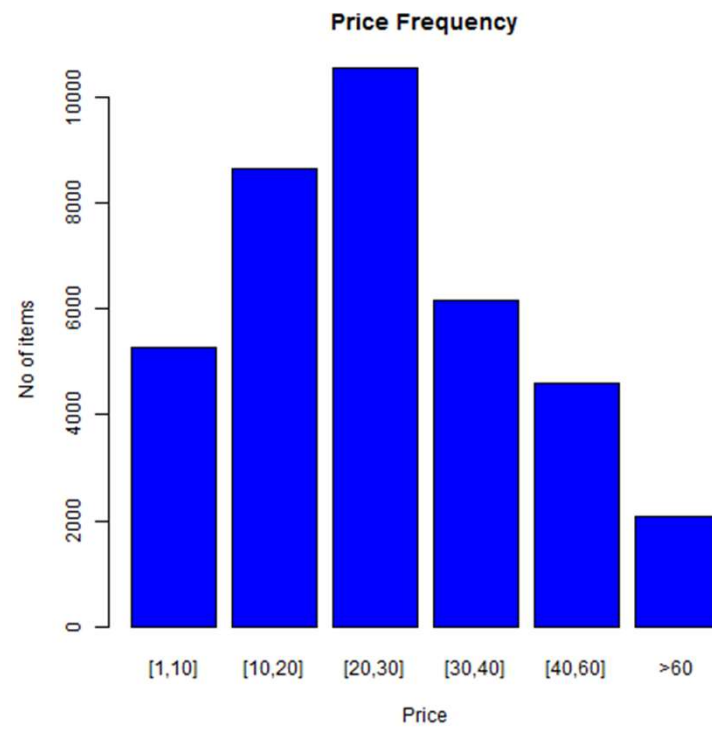

- Histogram
- Bar-Graph
- Scatter-Plot

- These graph help us to visualize the data.
- **Collaborative Filtering** is used to find similar items and avoid unrelated items.

DATA ANALYSIS ARCHITECTURE

HISTOGRAM

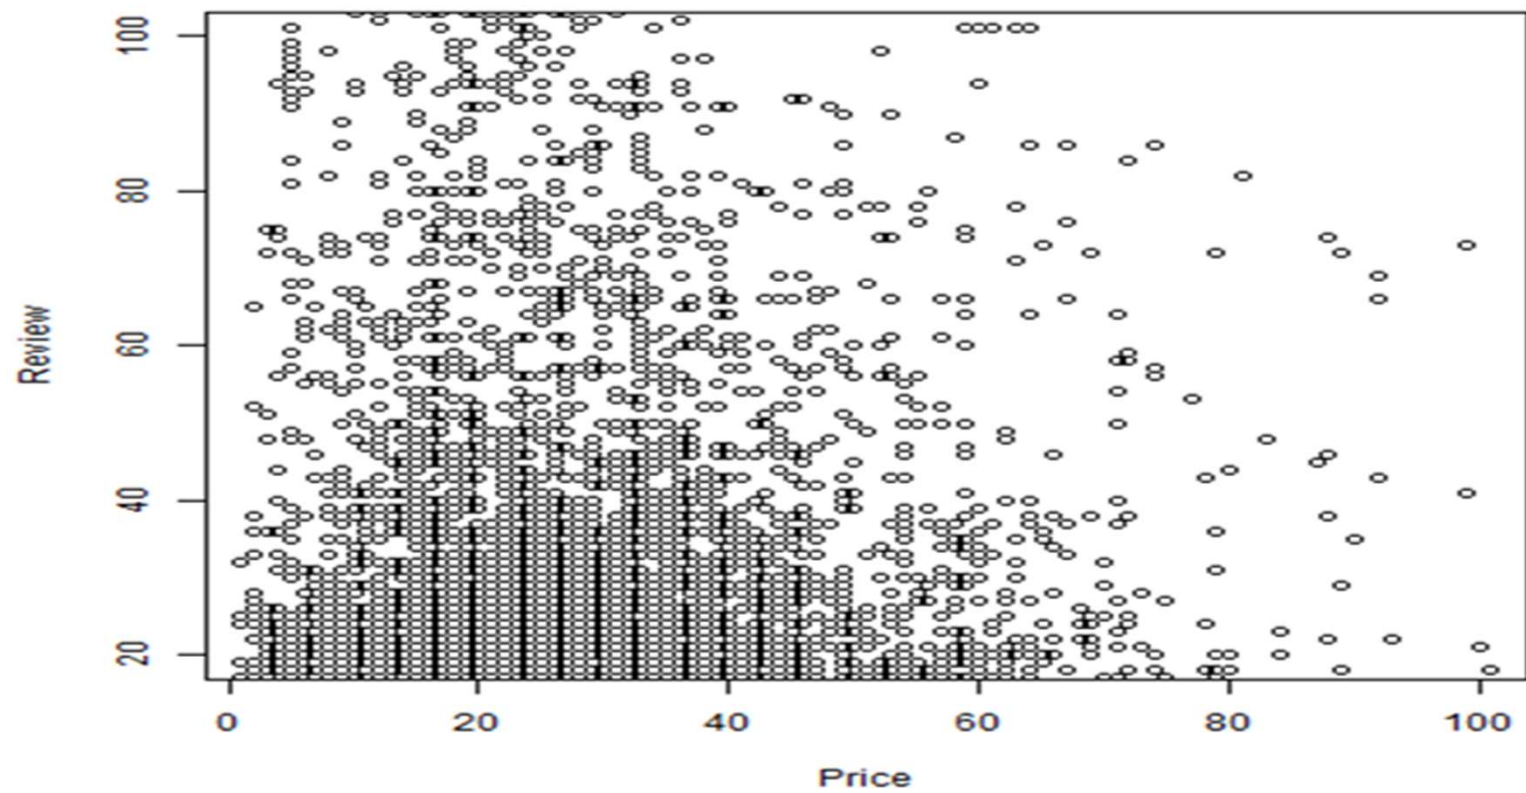

PIE-CHART FOR PERCENTAGE OF REVIEWS

Half of our products have only 4-10 reviews

EXAMPLE

Tea	Sweet	Chocolate	Array_count_vector
0	1	5	[0,1,5]
0	0	0	[0,0,0]
1	3	4	[1,3,4]
.
		Average	[.....]

MATHEMATICAL FORMULA

Characteristic count vectors X_i .

If you have reviewed products $1, \dots, n$, then consider

$$D_U = \frac{1}{n} \sum_{i=1}^n w_i X_i$$

w_i : score

Problem:

Find U : $d(D_U, D)$ is min in $\|\dots\|_2$

Recall : $d(X, Y) = \|X - Y\|_2^2 = \sum_{i=1}^n (x_i - y_i)^2$

IMPLEMENTATION

```
CREATE OR REPLACE FUNCTION distance(real[], real[]) RETURNS real AS $$
DECLARE
    a1 ALIAS FOR $1;
    a2 ALIAS FOR $2;
    s real;
BEGIN
    s := 0;
    FOR i IN array_lower(a1, 1)..array_upper(a1, 1) LOOP
        s := s + ((a1[i] - a2[i]) ^ 2);
    END LOOP;
    RETURN sqrt(s);
END;
$$
LANGUAGE plpgsql;
```

IMPLEMENTATION

```
WITH dt as (  
  SELECT prc.*  
    FROM big_prc prc  
   WHERE prc.asin is not a seen item  
   AND prc.score_avg > 3  
   LIMIT 15000  
)  
SELECT asin, ..., MIN(distance(user's count vector, customer_count_vector)) AS count_dist  
FROM dt  
GROUP BY asin, ...  
ORDER BY count_dist asc, score_avg desc
```

SUCCESSSES

Programmatically generate giant SQL statement that can insert 10,000 reviews at a time, while concurrently scanning and parsing other data to be inserted.

Get to understand how R is useful in recommendation system.

Find out way to use Amazon HTTP API using Javascript.

Scrape data from amazon using http parser in JS.

Determine method to extract numeric values using word counts

Create numeric representation of customers using extracted word counts

Use collaborative filtering to match users to customers in the database.

CHALLENGES

Setting up tools for mac and windows

Using sqitch and switching from a local database to a centralized one.

Getting numeric values from data for data analysis

Learning New Tools.

Optimizing queries / denormalizing data for efficient searching and fetching from DB.

DEMONSTRATION

THANK YOU
